Endorsing Member Information:

Name (print & sign): Jessica George Hensgen Jessica Hensgen 2/10/2020

AARC number of Endorsing Member: 9561878

Nominee's Biography (Mandatory):

1. AARC Number & Tenure: 9669517, 6 years as an AARC member
2. Current place of employment and position: Froedtert Hospital in Milwaukee as a Respiratory Care Education Coordinator
3. Past & Present WSRC Activity: WSRC PACT member
4. Education: Associates in Respiratory Care from Moraine Park Technical College, BSRT from Cardinal Stritch, RRT-ACCS credential
5. Nominee's Reason/Interest for Position: I am seeking a more active role in supporting the WSRC. I am passionate about the field of Respiratory Care and would like to support our profession and clinicians as both continue to evolve. Respiratory Care will continue to demonstrate an integral part of healthcare as our population continues to age and medicine keeps advancing. We are a relatively young profession and the actions we take now will affect our future's vitality. If I were to become the vice president of the WSRC, I would be able to more directly impact positive change for Respiratory Care in both the state of Wisconsin and at a national level.
6. Issues to be addressed by WSRC Board of Directors: If I were to assume the role of vice president, I would continue to recruit future Respiratory Care Practitioners and build opportunities for Wisconsin therapists to work at the top of their licenses. Along with these, I would also look for opportunities to create a greater awareness of the benefits for being a WSRC member and advocate for more active

engagement.

7. What does it mean to you to be an AARC/WSRC member? Being an AARC/WSRC member means being actively engaged in the decisions that affect my ability to practice as a Respiratory Care Practitioner. It is recognizing that in order to thrive as a profession, we must come together and support our role on both a state and national level. Being a member of the AARC and WSRC has opened doors to fellow RTs throughout our state and nation allowing for a greater sharing of knowledge and strength to continue to grow.
