

Respiratory Therapist

Northwest Wisconsin Region

What if your career could change your life?

Perhaps you imagine being part of a team where your colleagues inspire you to stretch and grow beyond your boundaries. Maybe you are looking for a purpose in life that gives you an opportunity to be part of a lasting legacy. Mayo Clinic has a legacy of inspiring hope and contributing to health and well-being by providing the best care to every patient through integrated clinical practice, education and research. You'll discover a culture of teamwork, professionalism and mutual respect – and most importantly, a life-changing career.

A respiratory therapist provides assessment, treatment, and monitoring of cardiopulmonary disease across the continuum of care. This individual functions as part of an interdisciplinary team that coordinates and provides continuity of care in a financially responsible manner. Qualified candidate must be able to quickly and accurately assess a patient's condition and communicate effectively to the care team concerning a change in patient's condition, results of diagnostic studies, symptomatology, and response to treatment.

The respiratory therapist job requires graduation from an accredited school of Respiratory Therapy and basic computer literacy. Good verbal and written communication skills required. Bachelor's degree in Respiratory Therapy or healthcare related field is preferred. Previous hospital experience preferred. Additional NBRC specialty credentials preferred.
